ÖSSUR

UNLOADER ONE® X

Unloader One X improves mobility by providing pain relief from knee osteoarthritis and degenerative meniscal tears. It features Össur's unique patented and clinically proven 3-point Leverage System, which generates unicompartmental unloading of the knee joint.

INDICATIONS FOR USE

- Moderate to severe single compartment knee osteoarthritis (OA)
- Degenerative meniscal tears
- Other unicompartmental knee conditions that may benefit from unloading, such as:
  - Articular cartilage defect repair
  - Meniscal repair
  - Avascular necrosis
  - Condylar bone marrow lesions
  - Tibial plateau fractures

FEATURES AND BENEFITS

- 3-Point Leverage System consisting of two Dynamic Force System (DFS) Straps, rigid shells and a single upright hinge contribute to a unicompartmental unloading of the knee joint.
- The unloading is effective only when needed, no condyle pressure during sitting or swing phase.
- A slender, perforated frame with soft edges, which contours easily to individual anatomies and remains discreet whether worn over or under clothing.
- Skin-friendly liners and pads as well as a smooth inner surface of shells reduce the likelihood of pressure points.
- The gastroc strap is positioned over the thickest part of calf to help prevent slipping.
- Tool-free SmartDosing® dials enable the patient to be in control of their pain level by fine-tuning the strap tension.
- Colour coded touchpoints and Quick-Fit buckles make it easy to use.
- Alignment guide on hinge facilitates correct positioning on the leg.
- Entire brace is machine washable (washbag included with product).
- Easily adaptable to individual needs and anatomical shapes.
- Field serviceable.

REQUIRED MEASUREMENTS

Size	Calf circumference 15cm below mid patella
XS-M	25 - 43cm
L-XL	43 - 62cm

Measure calf circumference 15cm below mid-patella. Leg in extension.

Note:
SIZE SELECTION GUIDANCE CALF LINERS
Due to a recent upgrade of the calf size dimensions of medium sized braces, please consider the following when ordering replacement liners:
- If calf liner size XS-M is indicated in thigh shell inscription, order size XS-M
- If no such inscription is indicated in thigh shell, order size L-XL
